1 (Richardson Exhibit No. 1 marked.)
 2 MR. PADGETT: If you'll just swear in the
 3 witness, we're just doing this by the Rules.
 4 KEVIN PAUL RICHARDSON,
 5 having been first duly sworn, testified as follows:
 6 EXAMINATION
 7 BY MR. PADGETT:
 8 Q. Would you please tell us your full name?
 9 A. Kevin Paul Richardson.
 10 Q. Mr. Richardson, I'm going to hand you what has
 11 been marked as Exhibit 1 to your deposition
 12 (indicating).
 13 And I apologize for the nature of the
 14 copy. It's a little bit cut off. But this is the best
 15 one I've received from the defendants.
 16 It is a document which is Bates labeled --
 17 it's in two pages -- Bates labeled 0021 (sic), with the
 18 appellation Jones Day, and 00211, so 210 and 211.
 19 If you'll take a moment to read through
 20 that, please.
 21 MR. PADGETT: And, Shauna, I don't know if
 22 you have a better copy of this or not. This is the --
 23 MS. CLARK: No, this is --
 24 MR. PADGETT: Okay. All right.
 25 MS. CLARK: And we talked about the

Page 7

1 redacted part. I think I sent a letter to you regarding
 2 the content of the information that was redacted.
 3 MR. PADGETT: Okay.
 4 A. Okay.
 5 Q. (BY MR. PADGETT) All right. Have you had a
 6 chance to read through this document?
 7 A. Yes.
 8 Q. Do you recognize it?
 9 A. Yes.
 10 Q. What is it?
 11 A. It's an e-mail that was produced during
 12 discovery.
 13 Q. And who is the e-mail to?
 14 A. The e-mail is to me.
 15 Q. All right. Did you actually receive this
 16 e-mail?
 17 A. I recall, yes, receiving it.
 18 Q. Do you have any doubts about the authenticity
 19 of the document or the information that's contained in
 20 it? In other words, has it been modified in any way?
 21 A. No, I do not.
 22 Q. All right. I'm going to kind of go through
 23 this and ask you a few questions about it. And one of
 24 the things we're going to do is fill in, to the best of
 25 our ability, what we think, you know, is in the missing

Page 8

1 part.
 2 And, actually, let me back up for a
 3 minute.
 4 Do you have a copy of this e-mail extant
 5 upon your system somewhere?
 6 A. I don't recall.
 7 Q. All right. Is there any reason why you would
 8 have deleted or destroyed this document or destroyed the
 9 e-mail?
 10 A. Not that I would have destroyed it, no.
 11 Q. Do you have a system at Jones Day where you
 12 preserve e-mails of this nature for a certain period of
 13 time?
 14 A. The system provides for e-mails being retained
 15 for, I believe, up to 30 days unless you move them into
 16 a folder.
 17 Q. All right. So, in other words, your testimony
 18 is that your system itself will delete an e-mail unless
 19 it's moved into a folder?
 20 A. Yes.
 21 Q. All right. What system do you use of e-mail?
 22 A. Lotus Notes.
 23 Q. Lotus Notes. All right.
 24 So do you recall moving this into a
 25 folder?

Page 9

1 A. No, I do not.
 2 Q. All right. Let's go through the e-mail.
 3 It starts off with the word E-V-I-N, which
 4 I assume is Kevin.
 5 A. (Moving head up and down.)
 6 Q. All right? Would you agree with me on that?
 7 A. I would agree.
 8 Q. Okay. And then it says "couple of thoughts
 9 from my visit last week." And I assume it's probably "a
 10 couple of thoughts from my visit last week."
 11 Would you --
 12 A. Okay.
 13 Q. -- agree with that?
 14 A. Yes.
 15 Q. All right. It goes on to say: "I am
 16 waiting" -- I assume it's "I am waiting" -- "to discuss
 17 with George his thoughts on my involvement should you
 18 decide to hire outside for a GIS manager."
 19 Do you believe I read that correctly?
 20 A. I believe you did.
 21 Q. All right. Who is George?
 22 A. I believe the referral is to George Gazdick.
 23 Q. And who is George Gazdick?
 24 A. George Gazdick was the associate director of
 25 GIS.

Page 10

Page 12

1 Q. So that would have been the individual who was
2 immediately below Sara White in the hierarchy of Jones
3 Day?

4 A. Immediately above Sara White.

5 Q. Immediately above. All right.

6 Ms. Sara White, was she immediately above
7 you in terms of the hierarchy?

8 A. No.

9 Q. All right. What was her position, or where was
10 she?

11 A. She was regional or North America GIS manager.

12 Q. All right. So would it have been that there
13 were people in between you and her?

14 A. There's no reporting relationship between me
15 and Sara White.

16 Q. All right. What was your position at the time?

17 A. Office administrator for Houston.

18 Q. Would you have been at a peerage level? In
19 other words, would y'all have been peers?

20 A. No.

21 Q. Well, with respect to GIS issues, who would
22 have had the final say? You or Sara White?

23 A. I guess my answer to that is: It depends.

24 Q. All right. And what would it depend upon?

25 A. It would depend on what the issue was.

1 decisions, at that point in time, was it particularized
2 to whether or not Ms. Slaughter was going to receive
3 that position?

4 A. No.

5 Q. All right. So are you saying that even generic
6 staffing decisions with respect to whether or not an
7 office has reached a head count that would support a GIS
8 manager -- even those types of decisions are the types
9 that you believe must be maintained as confidential?

10 A. Could you rephrase that for me?

11 Q. Well, and I apologize --

12 A. Restate it.

13 Q. -- because you've confused me. Maybe if I go
14 back in a minute and clarify some things...

15 As we go on in the e-mail, it says: "I
16 gave" -- I think that it says "I." And then I believe
17 it's "gave him a very high-level overview (he
18 understands the confidentiality of the conversation).
19 But I want to discuss it further."

20 Okay. Is that correct?

21 A. Yes.

22 Q. All right. And we don't have any doubt -- I
23 mean, I believe that the missing letter there is a G for
24 gave.

25 Would you agree with me there?

Page 11

Page 13

1 Q. With respect to hiring and firing of
2 individuals, who would have had the final say?

3 A. Could you be more specific?

4 Q. In the Houston office if someone were to make a
5 decision with respect to hiring a GIS manager, who would
6 have the final say?

7 A. The Houston office would.

8 Q. And that would have been you as the office
9 administrator?

10 A. It would have been me and Hugh Whiting.

11 Q. And Hugh Whiting.

12 And who was Hugh Whiting at the time?

13 A. Parter in charge of the Houston office.

14 Q. Okay. All right. So why would George Gazdick
15 and Sara White be involved in a confidential
16 conversation with you with respect to hiring a GIS
17 manager for the Houston office?

18 A. Well, I think the confidentiality is based on
19 the fact that we don't want these types of discussions
20 to go through the general Jones Day population.

21 Q. And why not?

22 A. Well, because hiring and firing decisions do
23 not typically concern, if you will, the general
24 Jones Day population.

25 Q. With respect to the hiring and firing

1 A. I would agree.

2 Q. Okay. So Ms. White is discussing with George
3 Gazdick and you the question of whether or not you're
4 going to go outside to hire a GIS manager.

5 A. (No verbal answer.)

6 MS. CLARK: I'm sorry. Is that a
7 question?

8 A. Is that a question?

9 Q. (BY MR. PADGETT) Well, yes. In other words --

10 A. Could you read it back?

11 Q. -- you and Mr. Gazdick and Ms. White are having
12 a discussion regarding hiring -- regarding going outside
13 of Jones Day to hire a GIS manager; is that correct?

14 A. I -- well, let me clarify. I did not have a
15 conversation with George Gazdick. Sara White had a
16 conversation with George Gazdick, according to this
17 e-mail.

18 Q. Okay. All right. But you had a conversation
19 with Sara White at some point.

20 A. I had a conversation with Sara White about our
21 need to provide additional support and leadership in the
22 GIS position in Houston.

23 Q. When did you have that conversation?

24 A. I don't recall.

25 Q. Can you give the jury a ballpark of when you

Page 14

1 had that conversation?

2 A. 2003.

3 Q. Would that have been early 2003 around the time
4 when Ms. White made her visit?

5 A. It's likely.

6 Q. All right. Did you take any notes from the
7 conversation or make any notes to the file or anything
8 of that nature?

9 A. Not that I recall.

10 Q. All right. But generally what you seem to
11 recall from that time period -- and I understand it's
12 been a while -- is that sometime in the beginning of
13 2003, you begin to think about the need for -- as you
14 put it -- having more leadership and additional support
15 in the position, in the GIS position.

16 A. Correct.

17 Q. All right. As a result of that, you had a
18 conversation with the North American regional manager
19 for GIS, Sara White; is that correct?

20 A. Yes.

21 Q. All right. And what can you tell the jury that
22 you remember about that conversation?

23 A. Well, I don't recall the conversation.

24 Q. All right. You don't doubt that the
25 conversation occurred, because Ms. White documents it in

Page 15

1 this e-mail, Exhibit 1, correct (indicating)?

2 A. That is correct.

3 Q. All right. And, in fact, Ms. White had enough
4 concern about the conversation, I guess you might say,
5 that she went and discussed it with George Gazdick, who
6 is a level above her.

7 A. Yes.

8 Q. All right. Do you know anything about that
9 conversation?

10 A. No, I do not.

11 Q. Did you ever get any reports about that
12 conversation?

13 A. No, I did not.

14 Q. All right. Do you recall anything about what
15 you said in that conversation?

16 A. I don't recall the conversation.

17 Q. You don't recall the conversation. Okay.

18 All right. Ms. White goes on to say: "I
19 had a thought" -- and I think it's "had" just because it
20 works that way -- "had a thought, though, after I left,
21 about the situation."

22 Do you see where I've read that?

23 A. Uh-huh.

24 Q. I'm sorry. I apologize. I should have told
25 you earlier: Can you answer verbally --

Page 16

1 A. Yes.

2 Q. -- for me?

3 Okay. And you've done a great job so far.
4 So please continue to do that. I'm not coming down on
5 you. I'm just...

6 A. I understand.

7 Q. All right. So: "I had a thought, though,
8 after I left, about the situation."

9 Did I read that correctly?

10 A. Yes.

11 Q. All right. Why would she call it "the
12 situation"? What is "the situation"?

13 A. Well, I expect "the situation" was the need to
14 hire a manager balanced against the ratios that the firm
15 GIS department had set forth. And "the situation" was
16 that on paper we did not have, at the time I expect, the
17 exact number that, according to the GIS ratios, merited
18 an additional GIS person.

19 Q. Why were you thinking about this issue if at
20 that point you didn't have the numbers that were
21 required to justify the hiring of a GIS manager?

22 A. Well, I think there are a couple reasons: I
23 think that the first reason is the continued growth that
24 we had experienced in the Houston office and our
25 anticipated relocation scheduled for the end of 2003 and

Page 17

1 the expectation that we would be hitting these numbers
2 fairly quickly. And we wanted to be ahead of this.

3 Q. When did y'all make the decision that you would
4 relocate? Was that in January of 2003?

5 A. It was prior to then.

6 Q. So, prior to January of 2003, there -- would
7 there be some documentation that would show you were
8 anticipating moving?

9 A. Well, there were lease negotiations that began
10 as early as July, 2002.

11 Q. Okay. Your space was inadequate for where you
12 were; is that correct?

13 A. Our space was quickly becoming inadequate.

14 Q. Okay. All right. So the situation is that
15 there's a difference between the ratio -- between the
16 number of people you had and the number of people you
17 expected to have; is that correct?

18 A. Yes.

19 Q. Now, if you'll take a moment to read entirely
20 through Exhibit 1 again, does she make any -- "she"
21 being Ms. White -- make any reference to ratios or
22 staffing like that?

23 A. She does not.

24 Q. Okay. The next sentence, I believe, reads as
25 follows: "Have you ever considered bringing in a

Page 18

Page 20

1 contractor for a few months to" -- and I think it's open
2 quotation marks -- "assist" -- close quotation marks
3 -- "Ava with a lot of the desk-side assistance she does,
4 especially with the troubleshooting and repairs?"

5 Do you believe I read that correctly?

6 A. Yes, I do.

7 Q. All right. Had you considered bringing in a
8 contractor to provide Ms. Slaughter with assistance?

9 A. I don't recall if we considered bringing in a
10 contractor.

11 Q. When you say you "don't recall," does that mean
12 that you might have done that?

13 A. I don't recall --

14 Q. All right.

15 A. -- whether I might have.

16 Q. In response to this e-mail, did you give it
17 some thought?

18 A. At the time I don't recall.

19 Q. At any time after that?

20 A. If she states this in the e-mail, I considered
21 it at the time that I read the e-mail. Whether or not I
22 considered it after reading the e-mail, I don't recall.

23 Q. Okay. One of the duties of the office
24 administrator is to make the office itself run smoothly;
25 would that be a true statement?

1 well, as I recall.

2 Q. Why did you involve Ms. Slaughter in that
3 decision-making?

4 A. Because Ms. Slaughter would be working closely
5 with this person.

6 Q. Was Ms. Slaughter supervising Ms. Long?

7 A. No, she was not.

8 Q. All right. What was Ms. Long's job title?

9 A. I believe it was office trainer.

10 Q. Now, does an office trainer do troubleshooting
11 and repairs?

12 A. This office trainer was hired to primarily be
13 an office trainer but also to assist with
14 troubleshooting and repairs.

15 Q. Okay. So she was a special-case office
16 trainer?

17 A. This office trainer had secondary
18 responsibilities.

19 Q. All right. So, when Ms. White made this
20 comment about bringing in a contractor for a few months
21 to give Ms. Slaughter some assistance, especially with
22 the troubleshooting and repairs, I assume you just
23 dismissed that because you had already done that by
24 bringing in Ms. Long.

25 A. Well, the timing is such -- I don't recall

Page 19

Page 21

1 A. Yes.

2 Q. And if one of your critical positions -- and I
3 assume you're going to agree with me that GIS manager or
4 GIS whatever she was, is a critical position. If that
5 position was not running smoothly, then one of the jobs
6 that Jones Day gives to you, one of your
7 responsibilities, is to fix that in some fashion,
8 correct?

9 A. I think that's a fair statement.

10 Q. All right. So did you believe in January of
11 2003 that Ms. Slaughter was having trouble handling her
12 position due to the result that -- due to the fact that
13 she was doing a lot of desk-side assistance?

14 A. That was a contributing factor.

15 Q. Okay. What did you do to solve that?

16 A. Well, at different times we brought in
17 assisting -- assistance from other offices. Prior to
18 January of 2003, we had also hired a trainer whose
19 secondary responsibilities were to provide desk-side
20 support.

21 Q. Was that Tammy Long?

22 A. Yes, it was.

23 Q. All right. Who was involved in the hiring of
24 Tammy Long?

25 A. I was. And Ava Slaughter interviewed her as

1 exactly when Tammy left us. She may not have been
2 employed at the time this e-mail was sent.

3 Q. Okay. Okay. And Ms. Long, can you describe
4 her for the jury? Was she a white lady or a
5 Caucasian -- or a black lady?

6 A. I expect she was African-American, but I don't
7 know that.

8 Q. Okay. How long did she work for Jones Day?

9 A. One year, 15 months. I don't recall exactly.

10 Somewhere --

11 Q. Okay.

12 A. -- between one year or 15, 16 months.

13 Q. Okay. Did she make a complaint of
14 discrimination?

15 A. No.

16 Q. Did she ever make any complaints against you?

17 A. Not that I'm aware of.

18 Q. Would you have been aware of any complaints she
19 had made against you?

20 A. Not necessarily.

21 Q. How would you describe your working
22 relationship with Ms. Long?

23 A. I would describe it as a professional
24 relationship.

25 Q. Did you discipline Ms. Long or have any issues

Page 22

1 with her performance?

2 A. Not that I recall.

3 Q. Looking back at the memo, Ms. White goes on to
4 say in the next sentence: "That would free her up to do
5 more of the managerial and organizational things and
6 give her the opportunity to show she can actually do it
7 if she had a proper 'staff.'"

8 I believe I read that correctly. There's
9 two of the words that are taken off: "her" and "she."
10 Do you believe that those are the words that are there?

11 A. I believe they are.

12 Q. Okay. All right. Did you disagree with that
13 statement?

14 A. I'm not sure this is a statement that merits an
15 agreement or a disagreement.

16 Q. Okay.

17 A. That was Sara's statement.

18 Q. Well, I assume that you trust Ms. White with
19 respect to decisions regarding the GIS department of
20 Jones Day.

21 A. Is that a question?

22 Q. Yeah. I assume that you would. Would you
23 agree with the statement that Ms. White is in a position
24 to make opinions about the administration of GIS -- and
25 I'm just using "GIS" generically -- GIS decisions in the

Page 23

1 Jones Day environment?

2 A. Yes.

3 Q. All right. And she's the North American
4 manager, regional manager; that's correct?

5 A. I believe it is.

6 Q. Okay. So, in other words, she's there to
7 provide you with assistance in making these decisions,
8 right?

9 A. She is available as a resource to help us make
10 these decisions, yes.

11 Q. Okay. So, when someone who is at such a high
12 level makes a statement with respect to an opinion --
13 which I think we can agree that's an opinion -- would it
14 be within your job responsibilities to either agree with
15 it or disagree with it?

16 MS. CLARK: Objection; form.

17 You can answer.

18 A. Would that be in my job responsibilities?

19 I -- yes.

20 Q. (BY MR. PADGETT) Okay. All right. And I don't
21 completely understand why you think that question was
22 funny. Maybe you can explain that.

23 MS. CLARK: Objection.

24 There's no evidence on the record that he
25 thought the question was funny.

Page 24

1 If the question is, "Mr. Richardson, was
2 my question funny?" then you can answer that question.

3 Q. (BY MR. PADGETT) Well, my notation that I'll
4 now make to the record, just so that it's clear, is that
5 you chuckled when you answered the question.

6 Why did you think the question was funny?

7 MS. CLARK: Well, I object to that
8 characterization of the expression -- whether it was
9 confusion or exasperation or whatever -- as being a
10 chuckle.

11 But you can answer.

12 A. I did not chuckle. It's an exasperating
13 question.

14 Q. (BY MR. PADGETT) Okay. All right. And that's
15 the reason why you reacted the way you did, was the
16 question was exasperating?

17 A. Yes.

18 Q. All right. Well, I apologize for being
19 exasperating. I'm just trying to get to the bottom of
20 some of these things.

21 A. Okay.

22 Q. Part of your decision-making or part of your
23 responsibility at the time was to be an office
24 administrator. And that would include -- would it
25 not -- making decisions about whether or not somebody

Page 25

1 was going to run a department and how that department
2 would function; would that be correct?

3 A. Yes.

4 Q. And specifically with respect to the GIS
5 manager position, you had indicated -- obviously, as
6 indicated in this e-mail to Ms. White -- that you were
7 looking to hire, outside of Jones Day, a manager for the
8 GIS department; is that correct?

9 A. This is not my e-mail to Ms. White; this is
10 Ms. White's e-mail to me.

11 Q. Ms. White's e-mail to you about her
12 conversations --

13 A. Yes.

14 Q. -- that she had with you, correct?

15 A. Yes.

16 Q. And in this we can discern that there were
17 discussions involving the hiring of a GIS manager.

18 A. Correct.

19 Q. Included in that discussion was whether or not
20 you were going to go outside of the firm to find someone
21 to take the position of GIS manager.

22 A. Yes.

23 Q. All right. Prior to that time in January of
24 2003, who was serving in the capacity of GIS manager?

25 A. The Houston office did not have a GIS manager.

Page 26

Page 28

1 Q. I understand that there was no specific named
 2 GIS manager. At least that's your position. But who
 3 was serving the function of the GIS manager?
 4 A. I'm not sure anyone was.
 5 Q. Who did every other GIS manager in Jones Day
 6 consider to be the GIS manager of Houston?
 7 A. I can't speak to what everybody else
 8 considered.
 9 Q. Who was invited twice to the GIS manager
 10 meeting from the Houston office?
 11 A. Ava Slaughter.
 12 Q. All right. Whenever there was an e-mail that
 13 went out to GIS managers across the Jones Day firm, who
 14 received that e-mail in the U.S. -- in the Houston
 15 office?
 16 A. I believe Ava Slaughter might have.
 17 Q. Whenever there was a conference call of the GIS
 18 managers, who participated in that conference call for
 19 Jones Day the Houston office?
 20 A. Sometimes Ava Slaughter would.
 21 Q. All right. As a result do you believe that you
 22 can tell this jury one way or another about whether or
 23 not other people considered Ms. Slaughter to be in the
 24 position of GIS manager?
 25 MS. CLARK: Objection; asked and answered.

1 A. I don't recall the exact timing.
 2 Q. All right. But we know for certain that Sara
 3 White is sending you an e-mail about a conversation that
 4 you've had with her about hiring outside a GIS manager
 5 in January of 2003, correct?
 6 A. We have this e-mail here --
 7 Q. All right.
 8 A. -- yes (indicating).
 9 Q. Now, Ms. White goes on to say: "That way you'd
 10 have some quantifiable performance criteria to use when
 11 making your decision." And then the next sentence, I
 12 believe, is "just a thought."
 13 Do you believe I've read that correctly?
 14 A. Yes.
 15 Q. All right. What do you think she meant when
 16 she wrote that?
 17 MS. CLARK: Objection; form.
 18 You can answer.
 19 A. I don't know what Sara meant when she wrote
 20 that.
 21 Q. (BY MR. PADGETT) What did you think when you
 22 got this e-mail?
 23 A. I thought Sara had some concerns about how this
 24 position was being staffed and, based on her limited
 25 knowledge of the situation, she was offering some of her

Page 27

Page 29

1 But you can answer.
 2 A. I cannot speak to what other people thought.
 3 Q. (BY MR. PADGETT) Okay. So at some point you've
 4 decided that we're now going to create -- you're going
 5 to create a position of GIS manager.
 6 A. Yes.
 7 Q. That happened sometime in January of 2003?
 8 A. I can't speak to when we first decided to do
 9 this. I don't recall it being January, 2003. We had an
 10 ongoing issue with providing proper support and
 11 leadership in that department. We had identified that
 12 as an issue.
 13 Q. Well --
 14 A. So I can't speak to the exact timing on this.
 15 Q. Why can't you? It's an issue that you've
 16 identified, correct?
 17 A. Correct.
 18 Q. It's an issue that's important to you, correct?
 19 A. Correct.
 20 Q. It's important to every single attorney that's
 21 in the Jones Day Houston office because you're telling
 22 this jury under oath that you've got an issue with
 23 proper support and leadership.
 24 Why can't you tell them when you first
 25 decided that you needed to hire a GIS manager?

1 thoughts.
 2 Q. All right. What are her concerns about how the
 3 position's being staffed?
 4 A. Well, again, I can't speak to her concerns.
 5 What I infer from this e-mail is that she knows that we
 6 do not have a GIS manager in the Houston office, she's
 7 aware of our pending move, she's aware of our growth
 8 over the last couple of years, and she wants to assist
 9 us in being prepared for future growth and for the move
 10 itself.
 11 Q. And she's offering you some -- an option that,
 12 given her experience as a GIS manager or GIS regional
 13 manager, she believes would be a pretty good option,
 14 correct?
 15 A. Yes.
 16 Q. I mean, she doesn't come out and say, "Go hire
 17 outside of the firm a GIS manager"?
 18 A. No, she does not.
 19 Q. What she says is, "Support the person that's in
 20 the position so that you can have some quantifiable
 21 performance criteria to use to determine whether or not
 22 that lady can perform that position."
 23 MS. CLARK: Objection; the document speaks
 24 for itself.
 25 But you can answer.

Page 30

1 A. Well, that's not exactly what she said.
 2 **Q. (BY MR. PADGETT) What did she say, then?**
 3 A. Would you like me to read this (indicating)?
 4 **Q. Absolutely.**
 5 A. "I am waiting to discuss with George his
 6 thoughts on my involvement should you decide to hire
 7 outside for a GIS manager. I gave him a very high-level
 8 overview. He understands the confidentiality of the
 9 conversation. But I want to discuss it further. I had
 10 a thought, though, after I left, about the situation
 11 Have you ever considered bringing in a contractor for a
 12 few months to 'assist' Ava with a lot of the desk-side
 13 assistance she does, especially with the troubleshooting
 14 and repairs? That would free her up to do more of the
 15 managerial and organizational things and give her the
 16 opportunity to show if she can actually do it if she had
 17 a proper 'staff.' That way you'd have some quantifiable
 18 performance criteria to use in making your decision.
 19 Just a thought."
 20 **Q. So what did you do to put that into effect?**
 21 A. I'm sorry. Could you be more specific?
 22 **Q. What did you do to put into effect the**
 23 **suggestion that the regional North American GIS manager**
 24 **gave you?**
 25 A. I don't recall putting anything into effect.

Page 31

1 As I indicated earlier, we had at different times
 2 brought in additional support to assist Ava.
 3 **Q. So did you believe that you had quantifiable**
 4 **performance criteria to use when making your decision at**
 5 **that point?**
 6 MS. CLARK: I'm sorry.
 7 Objection; vague.
 8 But you can answer.
 9 A. I believe that we had at the time close to two
 10 years of quantifiable performance criteria.
 11 **Q. (BY MR. PADGETT) Okay. Did you respond to this**
 12 **e-mail?**
 13 A. I don't recall if I did. I don't think I did.
 14 **Q. Why not?**
 15 A. I'm not sure it merited a response.
 16 **Q. And so it's your testimony that the regional**
 17 **manager of North America sends you an e-mail and you**
 18 **don't respond, not even with a, "Thanks for your**
 19 **thoughts," or anything like that?**
 20 A. I receive hundreds of e-mails where people are
 21 offering opinions or thoughts. I do not respond to
 22 every one of them.
 23 **Q. All right. And so it's your testimony under**
 24 **oath that you did not respond to this e-mail?**
 25 A. I do not recall responding to this e-mail.

Page 32

1 **Q. Where would that e-mail be if you had responded**
 2 **to it?**
 3 A. If Sara White saved a copy, then Sara White
 4 might have it.
 5 **Q. Did you make a search of your e-mails in an**
 6 **attempt to discover if you had made a response to this?**
 7 A. I searched through e-mails in response to your
 8 discovery request. I do not recall this exact e-mail.
 9 I believe this was produced by Sara White, not by Kevin
 10 Richardson, because I don't recall having a copy of this
 11 e-mail. And I don't recall the e-mail until I reviewed
 12 it or saw it as part of our discovery responses.
 13 **Q. And it's your testimony that this is one of the**
 14 **e-mails that you would consider not worthy of a**
 15 **response?**
 16 MS. CLARK: Objection.
 17 You can answer.
 18 A. I -- this e-mail at the time -- I did not
 19 respond to this e-mail, that I recall.
 20 **Q. (BY MR. PADGETT) And you can't tell the jury**
 21 **why you didn't respond to this e-mail?**
 22 A. Well, I think I've already answered this. I
 23 have -- I receive hundreds of e-mails where people offer
 24 thoughts and opinions. I do not respond to every single
 25 one of them.

Page 33

1 **Q. Well, one of the big issues at the time,**
 2 **though, was whether or not you were going to have a new**
 3 **GIS manager in the position, correct?**
 4 A. That was addressed in this e-mail, yes.
 5 **Q. All right. And this was something that**
 6 **Ms. White had actually made a trip from, I guess,**
 7 **Cleveland to come down and review.**
 8 A. I think it's unlikely that Sara White made a
 9 trip down to Houston for the purposes of discussing the
 10 GIS manager position.
 11 **Q. What would the regional manner of GIS be doing**
 12 **visiting the Houston office about?**
 13 A. It could be many different things. It could be
 14 to discuss the new desktop that we were going to roll
 15 out. It could be to discuss our pending move.
 16 She made several trips. At times she came
 17 down to provide support to Ava. I don't recall exactly
 18 what this -- the purpose of the particular trip that she
 19 refers to or is -- can be inferred from this e-mail. I
 20 don't recall what the purpose of that trip was.
 21 **Q. Why were you thinking about hiring outside of**
 22 **Jones Day in January of 2003 for a GIS manager?**
 23 A. I think we were exploring all of our options.
 24 That includes hiring outside of Jones Day and hiring
 25 within Jones Day.

Page 34

Page 36

1 Q. All right. What did you do to disavow other
2 people's impression that Ms. Slaughter was the GIS
3 manager in Houston?

4 MS. CLARK: Objection; form.

5 A. At different times I spoke with some of the
6 folks who worked at the firm GIS indicating that -- or,
7 I guess, confirming -- I'm not sure what the right word
8 is here -- telling them Ava was not the GIS manager and
9 that they were doing a disservice to Ava and to the
10 organization by referring to her as such.

11 Q. (BY MR. PADGETT) Did you do that in writing at
12 any point in time?

13 A. I don't recall.

14 Q. Well, if you thought that they were doing a
15 disservice to somebody, why didn't you do it in writing?

16 A. Well, I very well may have.

17 Q. Did you produce any of those e-mails or letters
18 or anything of that nature to your counsel so that they
19 could be provided to us?

20 A. I do not recall providing such a document.

21 Q. I mean, for example, you're -- as the office
22 administrator, you're in charge of the way the Houston
23 office is portrayed to the rest of the Jones Day family;
24 is that correct?

25 A. I'm not sure that's entirely correct.

1 fact, I guess, again, for purposes of protecting Ava
2 from having people suddenly calling her and saying, "I
3 just got an e-mail from Kevin Richardson saying you're
4 not GIS manager."

5 Q. But she wasn't. Isn't that what your position
6 is here under oath, that she was not the GIS manager?

7 A. That's correct.

8 Q. So what harm would that do, Mr. Richardson?

9 A. Well, I think I already indicated I didn't want
10 to draw more attention and put Ava in the spotlight.

11 Q. Okay. When did you join Jones Day in Houston
12 as office administrator?

13 A. March, 2001.

14 Q. Okay. When you came in, did you make staffing
15 changes with respect to the GIS department?

16 A. Not that I recall.

17 (Richardson Exhibit No. 2 marked.)

18 Q. (BY MR. PADGETT) Okay. If you'll take a look
19 at Exhibit 2 (indicating).

20 MS. CLARK: Thanks. Just give it a good
21 shove.

22 Q. (BY MR. PADGETT) Did you ever receive documents
23 like this, the ISS Operations Teleconference Minutes?

24 A. No.

25 Q. If you will, look with me -- well, as you see,

Page 35

Page 37

1 Q. Okay. Well, but you're in charge of the
2 staffing.

3 A. I'm in charge of the staffing levels, yes.

4 Q. At the Houston office --

5 A. Yes.

6 Q. -- is that correct?

7 A. (Moving head up and down.)

8 Q. You're in charge of the way the staffing is
9 handled, correct?

10 A. Yes.

11 Q. And so, if every other office in the Jones Day
12 family believes that Ms. White -- or Ms. Slaughter is
13 the GIS -- or whatever it is called -- manager, why
14 wouldn't you send out a firm-wide e-mail, "No, she's not
15 the manager"?

16 A. Well, I don't think it's appropriate to send
17 such an e-mail worldwide to draw attention to the
18 fact -- with respect to Ava, to go out there and stand
19 on the rooftop and yell, "She's not the GIS manager."

20 Q. Well, you felt like it was a disservice to her.

21 A. Right.

22 Q. So you didn't want to stand on the rooftops and
23 say, "Stop this travesty of labeling"? You didn't want
24 to do her that favor?

25 A. I did not want to draw more attention to the

1 it's produced to us and carries the application
2 Jones Day 00432 and 433.

3 Did I read those correctly?

4 A. Yes.

5 Q. All right. So that means that these are
6 documents produced to us by Jones Day or in connection
7 with this lawsuit.

8 A. Yes.

9 Q. On the second page, if you will look at
10 Item No. 6, the fourth paragraph down, tell me if I read
11 this correctly: "Natalie also wanted to announce we
12 have a new IS manager in the Houston office. Her name
13 is Ava Slaughter. She is from the previous firm and is
14 planning to join the OPS calls. Also, the Houston
15 office is not yet JD net but is scheduled to be sometime
16 in March."

17 Did I read that correctly?

18 A. Yes.

19 Q. All right, sir. So, prior to your joining the
20 firm in the Houston office, Ms. Slaughter is identified
21 as the IS manager; is that correct?

22 A. That's what this says.

23 Q. So, when you came in, you took steps, I assume,
24 to change her designation as the GIS manager.

25 A. No, she was not the GIS manager. So I did not

Page 38

1 have to take steps.
 2 (Richardson Exhibit No. 3 marked.)
 3 **Q. (BY MR. PADGETT) Let me hand you what's been**
 4 **marked as Exhibit 3 (indicating).**

5 **Do you recognize this document?**

6 A. Yes.

7 **Q. What is it?**

8 A. It's a document that we produced in response to
 9 your discovery request.

10 **Q. Yes. And it carries Jones Day 00437 as a**
 11 **marker. But can you describe for the jury what the**
 12 **document is?**

13 A. The document is titled Jones Day Firm
 14 Administrative Structure. It goes on to -- it is a
 15 chart. It lists the office. It lists the partner in
 16 charge of that office. It lists the office
 17 administrative partner --

18 **Q. Okay. Uh-huh.**

19 A. -- the office administrator, the office
 20 financial manager, the office GIS manager.

21 **Q. All right. And can you read for the jury who**
 22 **is listed as the office GIS manager?**

23 A. Specifically...

24 **Q. For Houston.**

25 A. Houston, Ava Slaughter.

Page 39

1 **Q. All right. Your name appears twice on this as**
 2 **the office administrator and as the office financial**
 3 **manager; is that correct?**

4 A. Yes, it does.

5 **Q. All right. This is dated January of 2003,**
 6 **correct?**

7 A. Yes.

8 **Q. All right. Why didn't you do something about**
 9 **that?**

10 A. This is not my document.

11 **Q. Who produced this document?**

12 A. I do not know.

13 **Q. You received this document, did you not?**

14 A. I do not recall receiving this document.

15 **Q. So, as far as you know, you never saw the Firm**
 16 **Administrative Structure for Jones Day?**

17 A. I do not recall receiving this document.

18 **Q. All right. If you had received this document,**
 19 **what would you have done?**

20 A. I'm not sure I would have done anything.

21 **Q. Why not? It's wrong, isn't it?**

22 A. It's wrong.

23 **Q. Okay. So why wouldn't you have done anything?**

24 A. Well, Ava Slaughter was the single GIS contact
 25 in the Houston office. I think that that's partly what

Page 40

1 this document represents, is who a person can reach out
 2 to to ask questions or otherwise request information,
 3 whether it's regarding office administration, financial
 4 questions, or GIS questions.

5 **Q. So what's the difference between being the sole**
 6 **person and the manager?**

7 A. Well, the manager has a staff that reports to
 8 them, typically. The sole person provides support.

9 **Q. So, when the Jones Day Firm Administrative**
 10 **Structure's put out and Ms. Slaughter's identified as**
 11 **the office GIS manager, how many of the other ones are**
 12 **wrong?**

13 A. I do not know.

14 **Q. Do y'all have discussions, or did you -- among**
 15 **the office administrators as to whether or not you need**
 16 **to correct these sorts of things?**

17 A. I do not recall.

18 **Q. Okay. But in January of 2003, it's your**
 19 **testimony that when Ms. Slaughter is identified as the**
 20 **office GIS manager, that's correct -- that's incorrect?**

21 A. That is correct.

22 **Q. Okay. And the only reason is that she didn't**
 23 **have anybody reporting to her.**

24 A. No, that's one of the reasons.

25 **Q. Okay. What are the other reasons that it's**

Page 41

1 **wrong?**

2 A. Well, when Ava was hired, she was hired as the
 3 technical support specialist. The offer letter states
 4 that. She knew she was a technical support specialist.

5 Okay. I think what this document in some
 6 ways represents is a disconnect between the folks in
 7 firm GIS and the reality at the office level.

8 **Q. Were you involved in producing the offer letter**
 9 **to Ms. --**

10 A. No, I was not.

11 **Q. -- Slaughter?**

12 Okay. Do you know any reason why
 13 Ms. Slaughter never signed the offer letter?

14 A. No, I do not.

15 **Q. Now, you said you think that it's a disconnect**
 16 **between the folks at GIS and the reality at the office.**

17 **What do you mean by that?**

18 A. Well, I think that there was very likely a
 19 secretary or administrative-type person who produced
 20 this document without properly confirming titles and
 21 positions and locations. At the time, the reporting
 22 structure was such that the GIS staff reported to the
 23 office. They did not report to firm GIS.

24 **Q. So it's your testimony that some secretary**
 25 **somewhere produced this chart and didn't do her job to**

Page 42

Page 44

1 check the accuracy of whether or not Ms. Slaughter was
2 actually an office GIS manager?

3 A. It's my testimony that I expect that some
4 administrative-type person produced this chart. For
5 example, Kevin Richardson is listed as the office
6 financial manager for Houston. Kevin Richardson was not
7 the office financial manager for Houston.

8 Q. Who was?

9 A. We did not have a person in that position.

10 Q. So it should have been left blank?

11 A. It should have been left blank.

12 Q. All right. And if you don't have a position,
13 then it should have been left blank, correct? So, if
14 there's someone not in that position, it should have
15 been left blank --

16 A. Yes.

17 Q. -- is that correct?

18 So, in other words, what should have been
19 done was left blank with the office GIS manager?

20 A. For Houston, yes.

21 Q. This seems to happen frequently, though, in
22 Jones Day documents from around that time -- would you
23 agree with that -- that Ms. Slaughter is identified as
24 the GIS manager?

25 A. There are documents that identify her as such,

1 A. Yes.

2 Q. All right. And to you that would have been
3 incorrect?

4 A. Yes.

5 Q. Did you take any actions to fix that?

6 A. I don't recall receiving this document. So the
7 answer is: no.

8 (Richardson Exhibit No. 5 marked.)

9 Q. (BY MR. PADGETT) All right. Now, let's take a
10 look at Exhibit 5 and ask you if you recognize this
11 document (indicating).

12 A. I recognize this document.

13 Q. All right. And what is it?

14 A. The document is titled GIS North America Office
15 Address Listing, GIS Manager, December 11, 2002.

16 Q. And this is an official Jones Day document
17 prepared at or near the time of December 11, 2002?

18 A. I expect, yes.

19 Q. Okay. In Houston, who is listed as the manager
20 of the GIS, I guess, division?

21 A. Ava Slaughter is identified under the Houston
22 listing.

23 Q. And, again, that's incorrect?

24 A. Yes.

25 Q. And, again, you took no actions to fix this?

Page 43

Page 45

1 yes.

2 (Richardson Exhibit No. 4 marked.)

3 Q. (BY MR. PADGETT) All right. Let's take a look
4 at Exhibit 4. Do you recognize this document
5 (indicating)? I'm sorry it has two pages.

6 A. I recognize this, yes.

7 Q. All right. What is it?

8 MS. CLARK: No. That's your official
9 (indicating).

10 THE WITNESS: Oh.

11 A. The document reads "Global Information Services
12 management Team 1/9/03."

13 Q. (BY MR. PADGETT) All right. So in January of
14 2003, yet, another document comes out.

15 Was this one prepared by some secretarial
16 or administrative person?

17 A. I don't know who produced this document.

18 Q. All right. But you received this one?

19 A. I don't recall receiving this one.

20 Q. Okay. But you just recognize the document?

21 A. I recognize the document.

22 Q. And here, again, we have North American
23 management with Ava Slaughter identified as the North
24 American management for Global Information Services;
25 that correct?

1 A. Correct.

2 Q. All right. Correct me if I'm wrong, though:
3 They don't send this sort of information to the office
4 administrator.

5 A. Not on a regular basis, no.

6 Q. Okay. If you had seen it, would you have taken
7 any action?

8 A. Yes.

9 Q. What would you have done?

10 A. With respect to this document, I probably would
11 have called Sara White and said, "Sara, this document is
12 listing Ava as the manager. You and I both know she's
13 not the manager."

14 Q. So was that part of your conversation that you
15 had in January of 2003 when she visited your office?

16 A. I don't recall the conversation in January of
17 2003.

18 Q. Well, did you make it known to Sara at the time
19 in January, 2003, that Ava was not the manager?

20 A. I had made it known to Sara prior to January of
21 2003. I don't recall exactly when. At different times
22 I had made it known to different people in GIS that Ava
23 was not the manager.

24 Q. Who did you make it known to in GIS that Ava
25 was not the manager?

Page 46

1 A. I recall Sara White. I believe George Gazdick.
2 I believe Sue Klingensmith.

3 **Q. And who is Sue Klingensmith?**

4 A. Sue Klingensmith was the administrative support
5 person. I don't recall her exact title.

6 **Q. Manager?**

7 A. In some way she was the secretary to the
8 director and the associate director, I believe.

9 **Q. And how did you make it known to them?**

10 A. I expect I called them up on the phone and said
11 that, "This document or the information that you're
12 sending is not accurate. You're listing Ava Slaughter
13 as the GIS manager in Houston; and she, in fact, is not
14 the GIS manager in Houston. She is the sole contact in
15 Houston. So, to the extent that it's appropriate to
16 include her on these listings, you should continue to do
17 so. But please note she's not a manager."

18 **Q. Well, why would it be appropriate to include
19 her on those listings of managers if she was not a
20 manager?**

21 A. Well, because I believe that what certain of
22 these documents are trying to do is identify the GIS
23 person in each office that questions could be addressed
24 to.

25 **Q. It doesn't say that anywhere on those**

Page 47

1 documents, though, does it?

2 A. No, it does not.

3 **Q. All right. It doesn't say "sole contact"
4 anywhere.**

5 A. No, it does not.

6 **Q. It could very easily. There's plenty of room
7 on the document for it to say "sole contact, not
8 manager."**

9 A. Yes, it could.

10 (Richardson Exhibit No. 6 marked.)

11 **Q. (BY MR. PADGETT) All right. And, in fact, if
12 you look at Exhibit 6, you see that there's parentheses
13 around a lady by the name of Marla Sheets; is that
14 correct?**

15 A. Yes.

16 **Q. What do you think that means?**

17 A. I do not know.

18 **Q. Certainly, there could have been an asterisk or
19 something like that which would have identified that Ava
20 Slaughter was not a manager but a sole contact; would
21 that be correct?**

22 A. Yes.

23 **Q. And nobody did that anywhere despite your
24 making phone calls to people, including Sue
25 Klingensmith, the secretary to the director.**

Page 48

1 A. On this document that's correct.

2 **Q. All right. I assume that these phone calls
3 were made sometime right after you joined in March,
4 2001.**

5 A. I don't recall when the phone calls were made.
6 I expect they were made throughout 2001; 2002; and,
7 perhaps, 2003.

8 **Q. Okay.**

9 A. I -- and I will also say that it was not a
10 reoccurring phone call.

11 **Q. One of the things that you do as the office
12 administrator -- do you approve travel for your people
13 who are in that office?**

14 A. Sometimes, yes.

15 **Q. All right. Did you approve travel for Ava
16 Slaughter?**

17 A. Yes.

18 **Q. And that's because she was your direct report
19 at the time?**

20 A. Yes.

21 **Q. You approved travel for her to attend the GIS
22 management meeting, correct?**

23 A. Yes.

24 **Q. Why did you do that?**

25 A. Because I wanted the Houston office to be

Page 49

1 represented at this meeting.

2 **Q. Even though you're sending someone to a
3 managers' meeting but they're not a manager; is that
4 correct?**

5 A. Correct.

6 **Q. All right. We know that she did attend the
7 2002 meeting because you approved that travel; is that
8 correct?**

9 A. Yes.

10 (Richardson Exhibit No. 7 marked.)

11 **Q. (BY MR. PADGETT) All right. If you'll take a
12 look at Exhibit 7, this is a listing of the attendees of
13 the 2002 GIS Annual Managers' Meeting, correct
14 (indicating)?**

15 MS. CLARK: Excuse me, Tom. Is this part
16 of 7 (indicating)?

17 MR. PADGETT: Oops.

18 MS. CLARK: It's just on mine.

19 A. I'm sorry. Would you repeat the question?

20 **Q. (BY MR. PADGETT) Certainly. Is this a listing
21 of the people who attended the GIS Annual Managers'
22 Meeting?**

23 A. It appears to be, yes.

24 **Q. All right. And if you'll look on the second
25 page of this document at Jones Day 00456, Ms. Slaughter**

Page 50

1 is listed --

2 A. Yes, she is.

3 Q. -- as Houston office, correct?

4 A. Yes.

5 Q. Okay. Now, if you go down there, it says

6 "additional for D&B's."

7 What does that mean?

8 A. I don't know.

9 Q. Okay. But it's obvious that there's a spot
10 that they could have listed people who were not managers
11 but who were attending; is that correct?

12 A. Yes, there is room on the document to do that.

13 Q. All right. And so one of the things that I
14 assume you did was, when you sent Ms. Slaughter to this,
15 you identified that she was not actually the manager for
16 the Houston office, she was just the GIS person.

17 A. I don't recall if I -- if I did that.

18 Q. Okay.

19 A. And this document also represents several names
20 where the person is not a manager but they're listed on
21 here.

22 Q. Okay. Who would that be?

23 A. Terry Crum was the director at the time.

24 Q. You don't think he would count as being a
25 manager?

Page 51

1 A. Well, it's not his title.

2 Q. He's the chief knowledge officer and director
3 of GIS, the head grand pooh-bah of the Global
4 Information Services; and he's not considered a manager?

5 A. Not by title.

6 Q. Okay.

7 A. Nor is George Gazdick, Brian Gillam.

8 Q. Okay. Do y'all --

9 A. Sue Klingensmith. Sue Klingensmith's not a
10 manager. She's listed on here.

11 Q. Okay. All these people were invited to the
12 Annual Managers' Meeting; is that correct?

13 A. Yes.

14 Q. Okay.

15 A. Well, let me -- I don't know that for a fact.

16 This document represents those who were going to attend
17 or did attend.

18 Q. All right.

19 (Richardson Exhibit No. 8 marked.)

20 Q. (BY MR. PADGETT) I'm going to hand you what's
21 been marked as Exhibit 8 and ask you to take a look at
22 it (indicating).

23 Can you see that this is a photograph of
24 the Global Information Services' Annual Managers'
25 Meeting for 2002?

Page 52

1 A. Yes.

2 Q. All right. And Ms. Slaughter is there?

3 A. Yes.

4 Q. All right. Can you identify any other
5 African-Americans in this photograph?

6 A. This is a photocopy of a photograph. I cannot
7 tell if there are other African-Americans in this photo.

8 Q. Okay. What sort of quantifiable performance
9 criteria did you use to decide that Ms. Slaughter would
10 not be hired as the GIS manager?

11 A. I think it was for the reasons that had been
12 identified and stated in the evaluations: including
13 effective communication, the ability to prioritize
14 competing demands, and lack of organization. I think
15 that contributed to the decision.

16 Q. Well, and what I'm asking you specifically is:
17 What is it that made your decision? What did you decide
18 upon as being the reasons that you didn't hire
19 Ms. Slaughter as the manager?

20 A. Well, there were other candidates that we
21 decided were better candidates.

22 Q. What reasons did you have that you identified
23 as problems with Ms. Slaughter's performance?

24 A. It was lack of effective communication with her
25 administrator. It was her inability to prioritize

Page 53

1 competing demands and her lack of organization which
2 contributed to that.

3 Q. What did she do with respect to poorly
4 communicating with you?

5 A. Well, Ava would rarely update me on issues by
6 e-mail. She would, on a regular basis, express message
7 me on the telephone system by leaving me long, rambling
8 messages instead of coming to my office or actually
9 calling me on the phone to have a discussion. And I
10 felt that that approach to communication was
11 inefficient.

12 Q. Okay. So I want to make sure. She rarely
13 updated you. But when she did, she updated you with
14 long, rambling voice mail?

15 A. Yes.

16 Q. Okay. What about y'all's weekly meetings?

17 A. We had weekly meetings.

18 Q. And in the weekly meetings did she update you,
19 or what did y'all talk about in those meetings?

20 A. I typically had -- I typically had a list of
21 things that I wanted to discuss with her. I believe
22 that she typically might have brought some things that
23 she wanted to discuss with me.

24 Q. Did you find those to work?

25 A. Some meetings were more effective than others.

Page 54

1 Q. When was it that you were having problems with
2 being updated if you were having meetings with her on a
3 weekly basis?

4 A. Well, I think that the nature of the position
5 or the nature of GIS support provides for many different
6 demands that occur on a daily basis. And if we're only
7 meeting once a week, then we may only be hitting on the
8 hot topic of that day or the day before.

9 Q. Well, you came in with the agenda; is that
10 correct? You said you had a list of things that you
11 brought in.

12 A. I believe we both had a list of things that we
13 wanted --

14 Q. Okay.

15 A. -- to discuss.

16 Q. And would you forget the list for three days
17 before, or would you come in there with a list of things
18 that you wanted to talk about from the whole week?

19 A. I think typically it was a list of whatever the
20 pressing demands were, which could go back a day or two
21 or a week or a month.

22 Q. You were in charge of those meetings, correct?

23 A. I called those meetings, yes.

24 Q. So you could set the tone for those meetings.

25 A. Yes.

Page 55

1 Q. So, if Ms. Slaughter was not effectively
2 communicating with her (sic), I assume, as a good
3 manager, you told her that she was not effectively
4 communicating with you.

5 MS. CLARK: Objection; form.

6 You can answer.

7 A. At different times I addressed with Ava her
8 ineffective communication.

9 Q. (BY MR. PADGETT) And ineffective communication
10 with respect to the GIS position, in specific, is a
11 critical component, correct?

12 A. Effective communication is critical, yes.

13 Q. So, if somebody is in the position of a TSS or
14 whatever you considered her to be and she's not
15 effectively communicating with her (sic), why didn't you
16 fire her?

17 A. Her performance did not merit termination.

18 Q. So it's okay for her to be ineffective in
19 communication -- which is, what you say, a critical
20 component -- but you don't terminate her?

21 A. Correct.

22 Q. Okay.

23 MR. PADGETT: I need to take a break.

24 MS. CLARK: That's fine.

25 (Recess taken.)

Page 56

1 Q. (BY MR. PADGETT) Mr. Richardson, we took a
2 little break here. Is there anything about your
3 previous testimony that you need to clarify or change?

4 A. No.

5 Q. All right. You had mentioned before the break
6 that there were issues that you had with Ms. Slaughter's
7 ability to communicate.

8 Can you describe for the jury any specific
9 examples of her failure to communicate and that
10 affecting her performance?

11 A. I think it's a -- I think it's a style more
12 than it is anything very specific.

13 Q. Okay. So it's a perception on your part; is
14 that correct?

15 A. No, I think that she was not as direct at times
16 as I would like her to be, as efficient, if you will.

17 Q. Do you mean in the word choice that she's
18 using, the way she speaks?

19 A. No, not necessarily the way she speaks. But a
20 question -- I would ask her a question. And she
21 might -- and it might be a yes-or-no question, and I
22 would not get a yes-or-no answer. And I would -- it was
23 just a drawn-out process.

24 Q. So, for example, you would ask her some
25 question that would have a yes-or-no answer to it; but

Page 57

1 if she doesn't answer "yes" or "no," then she's failing
2 to communicate with you. Is that what you're saying?

3 A. That's not what I said, no.

4 Q. Okay. Can you describe it in more detail so I
5 can understand what it is that you felt her style caused
6 problems with?

7 A. It was inefficient.

8 Q. Okay. And how was it inefficient?

9 A. That if you ask a yes-or-no question, typically
10 you'd expect a yes-or-no answer; and it would be a
11 fairly quick response, give and take.

12 Q. Okay.

13 A. Now, I understand that not every question that
14 may be asked in a yes-or-no manner is going to merit a
15 yes-or-no reply. But in Ava's case I think it was --
16 everything took a little longer at times than I thought
17 it needed to take.

18 Q. All right. Did you feel that she was giving
19 you fluff?

20 A. No, I think it was more of just Ava's
21 personality.

22 Q. Okay. All right. So what you had an issue
23 with was her personality, not necessarily with the
24 content of what she was saying?

25 A. I didn't --

Page 58

1 MS. CLARK: Objection.
 2 A. -- say that.
 3 Q. (BY MR. PADGETT) Okay. Well, then, you've
 4 confused me, yet, again. And I apologize.
 5 I asked you if she was giving you fluff.
 6 And you said, "No, it was her
 7 personality"; is that correct? Is that correct, the way
 8 that you just said it a moment ago?
 9 A. I believe it is, yes.
 10 Q. All right. So, if it wasn't that her content
 11 was poor, what was it?
 12 A. It was the efficiencies, if you will, of
 13 responding to questions.
 14 Q. Okay.
 15 A. And --
 16 Q. So you felt that she should have spoken more
 17 quickly or more to the point?
 18 A. At times, yes.
 19 Q. All right. And so as a result you felt that
 20 she did not deserve the position of GIS manager.
 21 A. I think it was a contributing factor.
 22 Q. Okay.
 23 A. When we talk about communication, it's also
 24 just the straightforward communication: When you
 25 complete tasks as appropriate, communicate to the person

Page 59

1 who had requested the task to be completed. In some
 2 ways it was, you know, do what you say; and say what you
 3 do.
 4 Q. Would you consider that to be a quantifiable
 5 performance category that you can put down into some
 6 quantifiable measure?
 7 A. Not always.
 8 Q. Okay. It's really more of a subjective
 9 analysis on your part.
 10 A. Yes.
 11 Q. Okay. Can you give the jury a specific example
 12 of when she failed to communicate to you something of
 13 importance?
 14 A. Well, there was a time when Ava Slaughter went
 15 on vacation. And we had arranged to bring in support
 16 from another office. In this case it was a person
 17 coming down from the Dallas office. And we had
 18 discussed that since she would be gone for a week --
 19 while this person was expected to handle desk-side
 20 support for issues that came up, there would be
 21 downtime. And we would want to have him work on
 22 specific tasks
 23 And Ava and I discussed creating a list,
 24 providing it to him before she went away so that when he
 25 arrived in Houston, if he wasn't busy providing

Page 60

1 desk-side support, he could follow up on these projects.
 2 Q. Okay.
 3 A. She did not provide that list.
 4 Q. And what did you do about that?
 5 A. I discussed it with Ava when she returned. I
 6 recall discussing it with Ava.
 7 Q. All right. Did you discipline her for it?
 8 A. No, I did not.
 9 Q. Okay. Why, then -- I mean, it's a pretty
 10 serious matter. You told her specifically to do
 11 something; and she didn't do it; is that correct?
 12 A. I did not tell her to do it. We discussed
 13 having this available for this guy to focus on at the
 14 time that he was not providing desk-side support.
 15 Q. All right. So you didn't make it a specific,
 16 "Ms. Slaughter, you will do this"; and then she failed
 17 to do it?
 18 A. True.
 19 Q. Is it possible that she didn't understand that
 20 you wanted this done in a very clear fashion?
 21 A. I think that's unlikely.
 22 Q. Okay. Is it possible that other issues came up
 23 and, since you had not made this a direct order, it was
 24 prioritized lower than you felt it should have been?
 25 A. I think that's unlikely.

Page 61

1 Q. Okay. So you think that you made it clear that
 2 this was an order but that she didn't understand it to
 3 be an order?
 4 A. No, this was not an order. This was something
 5 that Ava and I discussed because it was intended to
 6 benefit Ava as well as the office if, while she was
 7 gone, we could have somebody else step in and keep the
 8 train running, if you will: to do computer builds as
 9 appropriate, to move equipment around. That's one less
 10 thing that she has to focus on when she returns from her
 11 vacation.
 12 Q. Who was it that you brought in to replace her?
 13 Was it another technical support specialist?
 14 A. I don't -- I don't know his title. His name is
 15 Jimmy Lashley.
 16 Q. And when did this happen?
 17 A. Well, I think it was either late summer 2001 or
 18 2002.
 19 Q. Okay. So is that --
 20 A. I'm not exact on the dates. I honestly don't
 21 remember.
 22 Q. Okay. So it could have been in the summer of
 23 2001 or in the summer of 2002.
 24 A. It could have been the spring. I honestly
 25 don't remember. At different times when Ava went on

Page 62

1 vacation, we would provide support from another office
2 to come in and cover.

3 **Q. And every time did she fail to provide a list**
4 **of items for the individual to carry out?**

5 A. I don't know.

6 **Q. Okay. Well, I mean, this was important for you**
7 **the first time it happened, correct?**

8 A. It was -- I recall this happening.

9 **Q. Okay. And the next time that she went on**
10 **vacation, did it happen again?**

11 A. I don't recall.

12 **Q. Did you make it a big deal the second time?**

13 A. I don't recall.

14 **Q. Why would you make it a big deal the first time**
15 **but not the second time?**

16 A. Well, it could -- I don't recall if I made a
17 point of it. I don't recall if we discussed it the
18 second time or third time or fourth time.

19 At the time our office was growing. So
20 when you have 50 users, there's likely more downtime for
21 somebody to address specific projects than when you have
22 60 or 70 users. It's likely that as we grew, we
23 expected -- there was less downtime. The person would
24 be busy providing desk-side support.

25 **Q. When you say "it's likely," is that what you**

Page 63

1 recall as being the reason why you emphasized this as an
2 inability to communicate one time and one time only?

3 A. Can you state that again, please?

4 **Q. Certainly. And I apologize. Sometimes my**
5 **questions are inartful. And I try not to.**

6 But what you've told me is that this was
7 an issue of failure to communicate; is that correct?

8 A. If that's the way you phrased the question,
9 then, yes.

10 **Q. Well --**

11 A. This is what we've been discussing.

12 **Q. Well, let me back up for a minute, then, and**
13 **just make it real clear.**

14 This was an issue of performance for
15 Ms. Slaughter.

16 A. Yes.

17 **Q. An issue of poor performance for Ms. Slaughter,**
18 **correct?**

19 A. Yes.

20 **Q. One that you feel is so important that, when I**
21 **asked you for an example, you gave this as an example**
22 **for the jury --**

23 A. Yes.

24 **Q. -- to understand the nature of Ms. Slaughter's**
25 **performance.**

Page 64

1 A. Yes.

2 **Q. All right. You don't remember when it**
3 **happened, whether it was in the summer of 2001 or the**
4 **summer of 2002; is that correct?**

5 A. I don't recall. That's correct.

6 **Q. And it's important enough for you to think of**
7 **or important enough for you to remember that you brought**
8 **it out to the jury so that they can understand the**
9 **nature of Ms. Slaughter's performance; is that correct?**

10 A. Yes.

11 **Q. All right. In addition to not remembering when**
12 **it happened, you don't remember bringing it up again**
13 **when Ms. Slaughter took another vacation; is that**
14 **correct, too?**

15 A. I don't recall bringing up this particular
16 issue when she next went on vacation. It doesn't mean
17 we did not have a discussion about having a project list
18 available for the person who was coming in to cover in
19 her absence. I just don't recall having that specific
20 conversation.

21 **Q. Did Mr. Lashley -- as a result of**
22 **Ms. Slaughter's failure to provide a list for him, did**
23 **he spend time doing nothing?**

24 A. I expect he had more downtime because he was
25 not given a list of projects to pursue.

Page 65

1 **Q. Okay. And you don't remember his position in**
2 **the Dallas office, what his --**

3 A. He worked in the GIS department. I do not know
4 his title.

5 **Q. Okay. What would be an example of**
6 **Ms. Slaughter's inability to prioritize?**

7 A. Ava had difficulty assimilating into a large
8 organization. She was accustomed to working for a small
9 law firm where the first priority was always serving the
10 managing partner. The second priority was serving the
11 next senior partner and so forth and so on.

12 In an organization our size with the
13 number of lawyers that we have, we typically have many
14 different competing demands that, I guess, require a
15 more subjective analysis of what's the first priority,
16 what's the second priority, what's the third priority.

17 There was a time in July, 2002, where we
18 had been -- I recall having just gone through a desktop
19 upgrade, something to that effect. And prior to that
20 time many of our users had been experiencing crashes,
21 crashes that in many ways were attributed to having
22 unauthorized software on their computer.

23 After the desktops were rebuilt, all -- as
24 part of that process, all unauthorized software was
25 removed from each user's PC. I wanted to get a message

Page 66

1 out in front of all users as soon as the desktop was
2 rebuilt telling them that they should not be installing
3 unauthorized software and, "Here are the reasons and the
4 effect if you do."

5 I asked Ava to provide me a memo with, I
6 guess, the facts, if you will, the technical side of
7 what happens when you install unauthorized software. It
8 was important that this happen timely. As soon as the
9 desktop was rebuilt, we get this message in front of the
10 user. Every day that goes by that they don't have this
11 message or have not been told the reasons that we
12 shouldn't do this is a day that somebody could be
13 installing unauthorized software.

14 **Q. Uh-huh. Okay.**

15 A. As I recall, it took Ava two or three weeks to
16 get me this information, two or three weeks in which
17 users were already out there installing unauthorized
18 software.

19 And when I asked Ava about it, she -- I
20 recall her saying something to the effect of, "You don't
21 know what else I've been doing."

22 **Q. Okay.**

23 A. Which at the time probably was true because she
24 didn't tell me what else she was doing.

25 **Q. Y'all weren't having these weekly meetings at**

Page 67

1 this point?

2 A. I don't recall --

3 **Q. Okay.**

4 A. -- if we were at that time.

5 **Q. Okay. If she had been having the weekly**
6 **meetings with you, though, at this time, would she have**
7 **been telling you or...**

8 A. I expect she would have.

9 **Q. Okay. So, when you say it was probably true**
10 **that you didn't know what she was doing, is that an**
11 **accurate statement?**

12 A. That was my statement.

13 **Q. Okay.**

14 A. Right.

15 **Q. If you were having weekly meetings with her, is**
16 **it accurate for you to say that you didn't know what she**
17 **was doing?**

18 A. No.

19 **Q. Okay. Okay. All right. So go ahead. You**
20 **were at the point where you don't know what else --**

21 A. Well --

22 **Q. -- she's been doing. That's what she says to**
23 **you.**

24 A. Okay.

25 **Q. And then...**

Page 68

1 A. My -- you had asked about priorities.

2 **Q. Exactly.**

3 A. This was a very important priority to me and to
4 the office. Ava did not give this the proper attention
5 in the proper amount of time because she put other
6 priorities in front of it.

7 **Q. Okay. Well, how did you communicate this to**
8 **her?**

9 A. How did I communicate...

10 **Q. The importance of this priority or -- I'm**
11 **sorry -- the priority of this activity.**

12 A. I recall discussing it at the time that we were
13 either approaching the desktop rebuild; when the
14 rebuilds were going through, were occurring; or soon
15 thereafter. I expect it was on a one -- it was part of
16 a one-on-one meeting. It may have been during a weekly
17 meeting. It may have been during a very specific
18 desktop upgrade meeting.

19 **Q. Okay.**

20 MS. CLARK: Tom, before your next
21 question, let's take a quick break.

22 MR. PADGETT: Okay.

23 (Recess taken.)

24 **Q. (BY MR. PADGETT) Obviously, you consider this a**
25 **very important priority because it would undo the work**

Page 69

1 that Ava had done previously; is that correct?

2 A. It would -- well, let me be clear. If this
3 was, in fact, a desktop upgrade, I expect we had other
4 support in the office working with Ava to make this
5 happen. It was very serious because if we did not get
6 this message out and people started installing
7 unauthorized software, PCs started crashing, that would
8 create additional work for Ava.

9 **Q. Now, in your handbook, which I assume every**
10 **member of Jones Day is required to read and sign that**
11 **they've read, correct?**

12 A. I don't recall if there's a requirement to sign
13 off acknowledging you've read it.

14 **Q. Okay. But in the handbook doesn't it talk**
15 **about installing unauthorized software on your Jones Day**
16 **computer?**

17 A. Without looking at that particular section, I
18 don't know the answer.

19 **Q. You're not for sure. Okay.**

20 A. I expect it does address that somehow.

21 **Q. All right. And do you think that, you know, in**
22 **2002 people were actually installing a bunch of**
23 **unauthorized software on their computers? Was that a**
24 **real issue at Jones Day?**

25 A. I think the answer is: yes.

Page 70

1 Q. And that's why it was such a priority, if you
2 had just put in a bunch of new computers, to get a memo
3 out to them saying, in essence, "Don't put unauthorized
4 software on your computer."

5 A. That was important, yes.

6 Q. Is that the function of the GI -- or the
7 technical support specialist, or would that be the
8 function of the office administrator?

9 A. Well, I think it's important that the GIS
10 person and the office administrator work together to get
11 that message out.

12 Q. Now, you say "GIS person."

13 What sort of level are you talking about,
14 a GIS person?

15 A. Well, in the case of our office, the single GIS
16 person.

17 Q. Which would be Ms. Slaughter?

18 A. Ava Slaughter.

19 Q. All right. You felt that this was so important
20 that you had to actually discipline her over this,
21 correct?

22 A. There was a counseling report, yes.

23 Q. And that's a disciplinary action.

24 A. Yes, it is.

25 Q. All right.

Page 71

1 (Richardson Exhibit No. 9 marked.)

2 Q. (BY MR. PADGETT) If you'll take a look at
3 Exhibit 9 (indicating).

4 Sorry about that.

5 Is this the Counseling Report that you
6 prepared?

7 A. Yes, it is.

8 Q. Now, it says: "On numerous occasions Ava has
9 failed to complete assigned tasks in a timely fashion."
10 But you didn't list those; is that correct?

11 A. That is correct.

12 Q. The only one that you talked about was this
13 memo on the unauthorized software, well, and also an
14 inventory; is that correct?

15 A. Yes.

16 Q. Okay. So there are two things on here with
17 this counseling report.

18 A. Yes.

19 Q. Okay. What was the result of this counseling
20 report?

21 MS. CLARK: Objection; form.

22 You can answer.

23 A. Could you be more specific?

24 Q. (BY MR. PADGETT) Well, I mean, do y'all have
25 any sort of progressive disciplinary, you know, actions

Page 72

1 at Jones Day?

2 A. Well, the answer to that is: yes.

3 Q. Okay. So this is one step in the process?

4 A. Yes.

5 Q. And you can also use these to deny people
6 promotions or to demote them; is that correct?

7 A. I think that these would be considered as part
8 of any job change, if you will.

9 Q. Okay. When you were providing information to
10 the people who were making the decision with respect to
11 whether or not Ms. Slaughter would be hired as the GIS
12 manager in November of 2003 or September of 2003, you
13 used this counseling report; is that correct?

14 A. I don't believe so, no.

15 Q. You brought it into your consideration, though,
16 didn't you?

17 A. I could not separate the three years or two and
18 a half years of experience I had with Ava.

19 Q. And you had had those two and a half years of
20 experience; is that correct?

21 A. Yes, I had.

22 Q. Okay. Did you find that Ms. Slaughter
23 responded to this counseling session in an appropriate
24 way?

25 A. No, it was not appropriate.

Page 73

1 Q. Why was it not appropriate?

2 A. Well, when I sat down -- when I asked Ava to
3 join me to discuss this, I was just appalled by the way
4 she reacted. It was far from professional.

5 Q. What did she do?

6 A. She was -- she was irate. Instead of
7 discussing these issues in a professional way, she, you
8 know, first said, "Give it to me. I'll sign it." I
9 asked her to read it. Then she refused to sign it.
10 Then she stood up and wagged her finger at me, accused
11 me of trying to drive out former Bayko Gibson employees.
12 I was left speechless.

13 Q. Why didn't you fire her on the spot?

14 A. (No verbal answer.)

15 Q. You've used words like "appalled,"
16 "inappropriate," "unprofessional."

17 Why didn't you fire her?

18 A. I didn't think that was the appropriate action.

19 Q. You were going to leave Ms. Slaughter in the
20 position -- despite the fact that she was having this
21 what I assume you would call an inappropriate reaction,
22 you just kept her in the position.

23 A. Yes.

24 Q. Why?

25 MS. CLARK: Objection; asked and answered.

Page 74

Page 76

1 Q. (BY MR. PADGETT) You can still answer.
 2 MS. CLARK: You can still answer.
 3 A. I didn't think it was appropriate.
 4 Q. (BY MR. PADGETT) Okay. So what did you do to
 5 fix the problem?
 6 MS. CLARK: Objection; form.
 7 You can answer.
 8 A. I met with Ava a week, ten days later. I don't
 9 recall exactly when.
 10 Q. (BY MR. PADGETT) Okay.
 11 A. Sat down. And she had time to calm down. And
 12 we, again, discussed what I had wanted to discuss.
 13 I shouldn't say "we, again, discussed."
 14 We, for the first time, discussed the reason for the
 15 counseling report, I guess, to a greater level.
 16 Q. Uh-huh. Do you think that Ms. Slaughter's
 17 reaction was to a perception that you were picking on
 18 her?
 19 A. I can't speak to what she was thinking.
 20 Q. Okay. Well, did you have a talk with her about
 21 what she was thinking, why she reacted this way?
 22 A. Well, she made it clear when I presented this
 23 to her -- clear to me, I should say -- what she was
 24 thinking: that I was trying to drive out Bayko Gibson
 25 employees.

1 Q. Well, does it say "to personnel file"; or does
 2 it say "to file"?
 3 A. It says "to file."
 4 Q. All right. Does that mean that it was part of
 5 her official personnel file, or is this part of --
 6 A. This was made part of her official personnel
 7 file (indicating).
 8 Q. Okay. But she didn't get to see this before it
 9 went into her personnel file.
 10 A. No, she did not.
 11 Q. All right. And if she were to ask for a copy
 12 of her personnel file, this would not be in it.
 13 A. It would be in it.
 14 Q. She would be able to receive this?
 15 A. She would not be able to make a copy. She is
 16 able to review her personnel file at any time.
 17 Q. Okay. Do you maintain a separate file on
 18 employees?
 19 A. Can you be more specific?
 20 Q. Sure. There's a category of files called "drop
 21 files" that managers maintain.
 22 Are you familiar with that term?
 23 A. I've heard it, yes.
 24 Q. Okay. Is that part of the drop file that you
 25 maintained on Ms. Slaughter?

Page 75

Page 77

1 Q. Were you trying to drive out --
 2 A. And as a former Bayko Gibson employee, I assume
 3 she felt that she was part of that. I mean, she was
 4 part of that.
 5 Q. Were you trying to drive out former
 6 Bayko Gibson employees?
 7 A. No.
 8 Q. Okay. You didn't have any reason to react to
 9 them that way, "them" being the former Bayko Gibson
 10 employees.
 11 A. I was not trying to drive out Bayko Gibson
 12 employees.
 13 Q. All right.
 14 (Richardson Exhibit No. 10 marked.)
 15 Q. (BY MR. PADGETT) If you'll take a look at
 16 Exhibit 10, is this your private recitation or
 17 memorandum on the counseling session that you had with
 18 Ms. Slaughter (indicating)?
 19 A. Yes, it is.
 20 Q. All right. You didn't actually give this
 21 document to her?
 22 A. No, I did not.
 23 Q. You didn't give it to anyone; you just kept it
 24 in a file?
 25 A. It went into her personnel file.

1 A. This is in her personnel file (indicating).
 2 Q. Okay.
 3 A. This is not in the drop file.
 4 Q. All right. What's in the drop file?
 5 MS. CLARK: Objection.
 6 You can answer.
 7 A. I'm not sure "drop file" is a term I would use.
 8 I was using your terminology.
 9 I have a file of memos on different issues
 10 that I keep, different personnel issues involving
 11 different employees.
 12 Q. (BY MR. PADGETT) Have you provided that to the
 13 attorneys in this case?
 14 A. I only -- I have provided the documents that
 15 pertain to Ava Slaughter.
 16 Q. What do you call the file so I don't --
 17 A. I don't really call it anything.
 18 Q. Okay.
 19 A. It's a secure file.
 20 Q. Secure file. Okay.
 21 Have you given all the documents in there,
 22 in your secure file, with respect to Ava Slaughter to
 23 the lawyers in this case?
 24 A. Yes, I have.
 25 Q. Okay. How many other employees have entries in

Page 78

1 the secure file?

2 A. Five, six. I honestly -- I'm not sure.

3 Q. Okay.

4 A. I think it's around five or six.

5 Q. All right. Who are they?

6 A. Chris Patterson, Tina Campbell, Greta

7 Rodriguez. That's who I can recall right now.

8 Q. Okay. We're going to leave some blanks in
9 here. If you can fill in the other names of the people
10 who you have information in your secure file. Okay?

11 A. Sure. (Information requested: _____)

12

13

14 Q. Who is Chris Patterson?

15 A. Chris Patterson was the former docket and
16 records manager.

17 Q. When you say "former" --

18 A. He's no longer employed by Jones Day.

19 Q. Okay. Okay. It's not that he's dead or
20 anything?

21 A. No.

22 Q. He's just no longer there. Okay.

23 And when did he work, from when to when?

24 A. He came -- he was a former Bayko Gibson
25 employee. He became an employee of Jones Day on

Page 79

1 January 1st or January 2nd, 2001.

2 Q. Okay.

3 A. He left, I think, the spring of 2002.

4 Q. And what was his race?

5 A. He was Caucasian.

6 Q. All right. Tina Campbell, who is she?

7 A. Tina Campbell was the former facilities manager
8 at Jones Day.

9 Q. When you say "former," again, somebody who no
10 longer works for Jones Day.

11 A. She no longer works for Jones Day.

12 Q. And what were her dates of employment? Was she
13 also starting in January?

14 A. She also started in January, 2001 --

15 Q. Okay.

16 A. -- until November, 2005.

17 Q. And what was her race?

18 A. African-American.

19 Q. And Greta Rodriguez, who --

20 A. Greta Rodriguez also started January, 2001,
21 until August, 2005.

22 Q. Okay. What was her position?

23 I'm sorry. I didn't ask you that.

24 A. Financial assistant.

25 Q. And was she a former Bayko Gibson?

Page 80

1 A. Yes, she was.

2 Q. Okay. You didn't have anything against these
3 Bayko Gibson people; is that correct?

4 A. That is correct.

5 Q. Okay. Greta Rodriguez, was she Hispanic?

6 A. No.

7 Q. Okay. Was she African --

8 A. She's Caucasian.

9 Q. Caucasian. Okay.

10 It makes it easier if I just ask you and
11 you tell me.

12 Okay. All right. You believe that there
13 are at least two other people and possibly three other
14 people that you have information in your secure file on;
15 is that correct?

16 A. There may be.

17 Q. Okay. In addition to Ms. Slaughter, right?

18 A. Yes.

19 Q. Okay.

20 A. Well --

21 Q. The reason why I'm asking is: Are you
22 including her in the five or six?

23 A. I think I'm including her in the five or six.

24 Q. Okay.

25 A. Without having that directory in front of me,

Page 81

1 I'm guessing a little bit how many names. Some of these
2 names go back, and some of these documents go back
3 several years.

4 Q. Right. Okay. What do you put in your secure
5 file?

6 A. I put in the secure file -- sometimes it's
7 memos that go to a personnel file. Sometimes it's a
8 memo to myself.

9 Q. What sorts of memos? In other words, can you
10 describe the content?

11 A. Well, those typically involving personnel
12 issues.

13 Q. Okay. Do you put into the secure file memos
14 involving personnel issues that congratulate an employee
15 for a job well-done?

16 A. I don't know the answer to that.

17 Q. Do you put --

18 A. Well, let me -- let me state -- let me back
19 that up.

20 I don't know if I have put that type of
21 memo in there.

22 Q. Would you say that the majority of the memos
23 you put in there document a poor performance by an
24 employee?

25 A. I would say that the types of documents in

Page 82

Page 84

1 there typically are addressing disciplinary issues.
 2 **Q. All right. In general, you would say you would**
 3 **not put into your secure file a memo or something that**
 4 **would be congratulatory towards an employee or note a**
 5 **particularly good job done on some issue; is that**
 6 **correct?**
 7 A. That is correct.
 8 **Q. All right.**
 9 A. Those types of documents are maintained in the
 10 I-MANAGE library, I expect.
 11 **Q. All right.**
 12 A. I'm less concerned about security on those than
 13 I am about memos that address disciplinary issues.
 14 **Q. And I've received a number of documents from**
 15 **Jones Day. How would I identify a document that has**
 16 **been maintained in your secure file?**
 17 A. By looking at the document itself?
 18 **Q. Right.**
 19 A. I'm not sure you could.
 20 **Q. Okay. I mean, would it be, for example,**
 21 **something that -- you know, when we look at Exhibit 10,**
 22 **we can see that it's got some identifying numbers up in**
 23 **the right -- in the left-hand corner, correct?**
 24 A. Yes.
 25 **Q. And it says "to file." And this is a document**

1 **documents were in the secure file with respect to Ava**
 2 **Slaughter?**
 3 A. I think it's the documents that we have
 4 produced to you that are in memo form, as opposed to
 5 e-mail form or in Exhibit 9 form.
 6 **Q. Okay.**
 7 A. And this is -- Exhibit 10 is what I describe as
 8 memo form (indicating).
 9 **Q. Okay. Okay. All right. Well, that'll give us**
 10 **a little bit better understanding of them.**
 11 **All right. You were involved in the**
 12 **decision to hire Ms. DelRisi (sic)?**
 13 A. DelRiesgo.
 14 **Q. DelRiesgo. Okay.**
 15 **You were involved in the decision to hire**
 16 **Ms. DelRiesgo?**
 17 A. Yes, I was.
 18 **Q. All right. What was it about Ms. DelRiesgo**
 19 **that made her a better candidate than Ms. Slaughter?**
 20 A. I think there were a number of areas that were
 21 important to me with Ms. DelRiesgo. She had been a
 22 Jones Day employee for, I believe, close to ten years.
 23 She started off as a legal secretary, as I recall. So
 24 she had a very good grasp of end user needs and support
 25 requirements. She had institutional knowledge, if you

Page 83

Page 85

1 **that's maintained in your secure file; is that correct?**
 2 A. This was -- yes, it is in my secure file.
 3 **Q. Okay. Are the secure file documents -- do they**
 4 **carry this sort of format where you double-space them**
 5 **and they have some sort of identifying numbers up at the**
 6 **top and the date and then they're signed by you?**
 7 A. They may.
 8 **Q. Okay. Did you have any particular format that**
 9 **you used? In other words, if I were to go through all**
 10 **these documents that we were given, if I find another**
 11 **one that looks like this, I know it's going to be in**
 12 **your secure file.**
 13 A. No.
 14 **Q. How, then, am I supposed to tell what's in the**
 15 **secure file and what's not?**
 16 A. Ask.
 17 **Q. Okay. So you know in your head what documents**
 18 **were in the secure file?**
 19 A. I can't speak -- I can't say that, sitting here
 20 today, I could recite an index of every document in my
 21 secure file.
 22 **Q. Do you keep a list of the documents that are in**
 23 **the secure file?**
 24 A. No.
 25 **Q. Can you give us your best guess of what**

1 will, by being a tenure employee. She worked in an
 2 office that experienced growth that was similar to what
 3 the Houston office was going through and expected to go
 4 through for years to come. She was -- she communicated
 5 clearly, concisely. She demonstrated initiative in the
 6 interview process by coming with some -- a listing of
 7 sorts, if you will, of things that a GIS manager should
 8 do and should focus on. So those types of things
 9 influenced me.
 10 **Q. Okay. Did you explore with Ms. Slaughter any**
 11 **previous experience she had had working with a large**
 12 **company?**
 13 A. When I interviewed Ms. Slaughter in September
 14 or October, 2003, we discussed her experience at -- we
 15 discussed the experience that she had listed on her
 16 resume. And I believe that includes a larger
 17 organization.
 18 **Q. Was that the only time, though, that you had**
 19 **spoken with her about working at a large organization?**
 20 A. I don't recall. I think we had other
 21 conversations about this.
 22 **Q. Well, you had criticized Ms. Slaughter**
 23 **previously for her -- I guess, her understanding of how**
 24 **to prioritize in an organization the size of Jones Day;**
 25 **is that correct?**

Page 86

1 A. I had -- "criticize" is the word you choose to
2 use. I had identified that Ava had difficulty
3 integrating into an organization our size with the many
4 different offices and the many different firm, I guess,
5 GIS-type departments.

6 **Q. I don't understand that. Can you explain that
7 to me? I'm sorry.**

8 A. What don't you understand?

9 **Q. Well, I don't understand what it is that you're
10 saying you identified as difficulty, specifically with
11 respect to your use of the word "firm" -- "many
12 different firm GIS departments." What does that mean?**

13 A. The firm GIS -- I just want to differentiate
14 between office GIS at each local office where there's a
15 direct reporting relationship at the time to the office
16 administrator, versus firm GIS, which is more -- at the
17 time was responsible more for the structure, if you
18 will, of technology as a whole and how it is
19 incorporated or otherwise adopted into -- or used by the
20 firm.

21 The experience that Ava had at
22 Bayko Gibson was just Bayko Gibson, just that small law
23 firm where she was the technology person. Now she was
24 being asked to work with many other different technology
25 folks, both in other offices as well as at the firm

Page 87

1 level.

2 **Q. But her duties, as far as you were concerned,
3 did not include managing or interacting with these other
4 firm GIS departments, correct?**

5 A. She did interact with firm GIS departments.
6 She was not the manager.

7 **Q. Who was the manager?**

8 A. There was not a manager in place.

9 **Q. Was that normal Jones Day operational, I guess,
10 protocol for there not to be a GIS manager in an office
11 of that size?**

12 A. I think that's unlikely. But I can't speak to
13 what is normal GIS protocol.

14 **Q. So it's unlikely that there would not be a GIS
15 manager in each of the offices; is that what your
16 testimony is?**

17 A. I think -- I think it's unlikely, yes.

18 **Q. Okay. Was that part of your job as office
19 administrator to bring the Jones Day Houston office into
20 compliance with the protocols of the Jones Day firm
21 environment?**

22 A. As much as possible, yes.

23 **Q. Well, why couldn't you do it with respect to
24 Ms. Slaughter?**

25 A. I think you're asking me why I didn't designate

Page 88

1 Ava Slaughter as the GIS manager in order to be
2 compliant with firm standards. Is that what you're
3 asking me?

4 **Q. It sounds like a good question, yes.**

5 A. Okay. I just want to be clear.

6 Ava Slaughter did not demonstrate to me
7 that she had the necessary qualities to be the GIS
8 manager. And I would rather be noncompliant -- using
9 your word -- rather than put somebody into a position
10 that would be ultimately to the detriment of the office
11 and the law firm.

12 **Q. So why, then, did it take you two years to
13 decide that you needed a real -- as you were saying,
14 somebody who would not be a detriment to the law firm
15 GIS manager?**

16 A. Sometimes things take a long time.

17 **Q. That's your answer, "Sometimes things take a
18 long time"?**

19 A. That's my answer.

20 **Q. Okay. What were you busy with that you
21 couldn't make a decision about this?**

22 A. There were many things that we were busy with.
23 We were building a growing practice. We were looking at
24 new space. We had the part of the growing practice, the
25 related demands of building the appropriate staffing

Page 89

1 levels, items like that.

2 **Q. Okay. So you just let the office be without a
3 GIS manager during that whole time period from March of
4 2001 until September of 2003, correct?**

5 A. Yes.

6 **Q. And you had discussions in January of 2003 with
7 the lady from Cleveland about whether or not you were
8 going to hire outside a GIS manager; is that correct?**

9 A. We had discussions about hiring a GIS manager.

10 **Q. All right. And then in September of 2003 you
11 had discussions with Ms. Slaughter because that's the
12 point in time in which you posted the position of GIS
13 manager.**

14 A. Yes.

15 **Q. What made you decide to do it at that time?**

16 A. At that time we were coming close to our
17 relocation, the practice was growing, the new lawyers
18 from the 2003 graduation graduating class had joined the
19 firm, and the timing was such.

20 **Q. How many discussions did you have with
21 Mr. Whiting about issues relating to the GIS position?**

22 A. I had many different discussions with
23 Mr. Whiting.

24 **Q. How many did you have?**

25 A. I don't recall how many.

Page 90

Page 92

1 Q. Were those documented in any way?
 2 A. Not that I recall.
 3 Q. Did you send any e-mails to Mr. Whiting about
 4 discussions with respect to the GIS manager?
 5 A. I may have.
 6 Q. All right. Do you know what happened to those
 7 e-mails?
 8 A. No, I do not.
 9 Q. Would you have given those e-mails to your
 10 counsel in this case?
 11 A. Yes, I would have.
 12 Q. Are they e-mails that you believe have been
 13 deleted or destroyed?
 14 A. If they were not provided to the lawyer, it's
 15 because they no longer exist on our system.
 16 So the answer is: Yes, they were likely
 17 autopurged from our system.
 18 Q. Why would they have been autopurged from your
 19 system but not others autopurged?
 20 A. Every e-mail that comes into me and to others,
 21 I expect, a decision is made whether to delete it at
 22 that time, to save it into a folder, or let it sit in
 23 the in-box and perhaps let it autopurge by itself.
 24 So, in this case if I were sending the
 25 e-mail, then I wouldn't necessarily have a copy. If I

1 placed a GIS manager in head of the -- or at the head of
 2 the GIS department for at least two years.
 3 A. That's not what the e-mail would have
 4 discussed.
 5 Q. Okay. What would the e-mails have discussed?
 6 A. A hypothetical e-mail may be something like
 7 "Hugh, I would like to discuss with you the staffing
 8 levels of the GIS department in Houston."
 9 Q. Okay.
 10 A. And that is probably a typical e-mail.
 11 Q. All right. And then you would have gotten a
 12 response back from Mr. Whiting.
 13 A. Maybe.
 14 Q. All right. These would have been e-mails that
 15 would have been relevant to the questions in this case,
 16 correct, with respect to staffing levels and who is
 17 going to be hired and who is the position -- in the
 18 position of manager of the GIS department, correct?
 19 A. Yes, they would be relevant.
 20 Q. All right. Do you know why we have not
 21 received any e-mails either from you or Mr. Whiting
 22 discussing the GIS staffing or management levels?
 23 A. We have produced to you the documents that we
 24 have.
 25 Q. All right. And --

Page 91

Page 93

1 were receiving the e-mail or a reply to my e-mail, it
 2 may merit being saved. It may not.
 3 Q. Okay. But you believe that you did, in fact,
 4 send e-mails discussing the GIS manager position with
 5 Mr. Whiting.
 6 A. I think you're -- maybe you could read back the
 7 question. But I think you originally asked whether I
 8 had sent him an e-mail regarding GIS, not specifically
 9 the manager.
 10 Q. Okay. All right. Well, then let me back up
 11 for a minute. And I'll ask you whatever question you
 12 feel comfortable with on that issue.
 13 Did you send e-mails to Mr. Whiting
 14 discussing the GIS department at the Houston office of
 15 Jones Day?
 16 A. I probably did.
 17 Q. All right. Do you recall any of those e-mails?
 18 A. No, I do not.
 19 Q. Have you saved any of those e-mails?
 20 A. I don't think I have.
 21 Q. In those e-mails would Ms. Slaughter have been
 22 discussed?
 23 A. It's possible.
 24 Q. And she would have been discussed because you
 25 would have had to address the issue of why you have not

1 A. I don't -- I cannot say for certain that these
 2 e-mails exist. I communicate with Mr. Whiting most
 3 often in person. We don't typically exchange e-mails
 4 back and forth on different subjects.
 5 Q. All right.
 6 A. I acknowledged earlier that I may have sent him
 7 an e-mail earlier saying, "Let's discuss staffing." I
 8 can't swear that I did send him that e-mail, nor can I
 9 deny that I sent him an e-mail --
 10 Q. Okay.
 11 A. -- to that extent.
 12 Q. Fair enough. Fair enough. And there are
 13 people that you have most of your conversations with not
 14 in e-mails or letters or anything, but in person. All
 15 right?
 16 Now, can you tell the jury when was the
 17 first time that Ms. Slaughter's name came up as a
 18 candidate for the GIS manager position?
 19 A. Ava applied for the job.
 20 Q. Okay. So --
 21 A. And I expect that may have been the first time
 22 it came up.
 23 Q. So your testimony is: The very first time that
 24 she was considered for the position of manager of the
 25 GIS department was in September of 2003?

Page 94

1 A. That may be the first time that it came up in
2 that context.
3 Q. All right. Prior to that time were there any
4 discussions about her serving as the manager?
5 A. Discussions with...
6 Q. With Hugh Whiting.
7 A. Serving -- I don't believe there were.
8 Q. Why not?
9 A. Because she wasn't serving as the manager.
10 Q. Well, you've identify and you told this jury a
11 little bit earlier that -- and correct me if I'm wrong.
12 I may have gotten confused -- that she had not
13 demonstrated the qualities that you felt were necessary
14 to be a GIS manager.
15 A. Correct.
16 Q. And so it's your testimony that you never
17 discussed that issue with any other person in the firm
18 until it was time to consider her for the position in
19 September of 2003?
20 A. I don't recall discussing it prior to
21 September, 2003.
22 Q. All right. When you had discussions with
23 Mr. Whiting prior to December of -- or September of 2003
24 with respect to the GIS department, what did y'all talk
25 about?

Page 95

1 A. We talked about the continued growth of the
2 office, the pending relocation, and whether it was
3 appropriate at this time to hire somebody into the
4 manager position given that we were not at the exact
5 number that the firm ratio recommended.
6 Q. And those were the only issues that you ever
7 talked about?
8 A. To the best of my knowledge.
9 Q. Did you ever go to Mr. Whiting and complain
10 about the performance of Ms. Slaughter?
11 A. I had indicated to Mr. Whiting -- I recall the
12 July, 2002 counseling session I had with Ava and her
13 reaction. I believe I shared that with Hugh Whiting. I
14 thought that was important. I can't say that I
15 documented that conversation. But I think I would have
16 shared that with him.
17 Q. Is that the only time that you had a
18 conversation about Ms. Slaughter with Mr. Whiting other
19 than when you had the conversations in September of
20 2003?
21 A. It's the only one that I recall. In my
22 position I discuss many employees at many different
23 times with Mr. Whiting as the situation merits. It's
24 possible that we had discussed Ava Slaughter prior to
25 July, 2002, and after July, 2002, before September.

Page 96

1 2003. I can't recall.
2 Q. All right. And just to make sure: You haven't
3 done any e-mails, as far as you know, about this; and
4 you don't remember the discussions with Mr. Whiting
5 about Mr. Slaughter prior -- Ms. Slaughter prior to
6 September of 2003?
7 A. I don't recall -- to answer your first
8 question: No, I do not have e-mails.
9 Q. Okay.
10 A. To answer your second question: I do not
11 recall whether I had conversations with Mr. Whiting.
12 But I have conversations with him quite often about many
13 different employees. It's possible her -- she was one
14 of them.
15 Q. All right. But you don't remember any of those
16 conversations specifically other than you think that you
17 might have talked about July of 2002?
18 A. Correct.
19 Q. All right.
20 MR. PADGETT: Are you at a good break
21 point? Are you ready to take your lunch?
22 MS. CLARK: It's your deposition.
23 That's --
24 MR. PADGETT: Okay. All right.
25 MS. CLARK: If you're at a good point, I'm

Page 97

1 at a good point.
2 MR. PADGETT: Okay. Let's take a break.
3 (Lunch recess taken.)
4 MR. PADGETT: Let's go back on the record.
5 Q. (BY MR. PADGETT) Mr. Richardson, we've taken
6 our lunch break. And do you have any changes or
7 amplifications you need to make to your previous
8 testimony?
9 A. No, I do not.
10 Q. All right. Before the break we mentioned that
11 you were involved in the hiring of Ms. DelRiesgo.
12 What salary was she hired at?
13 A. \$75,000.
14 Q. Was that more or less than what Ms. Slaughter
15 was making at the time?
16 A. It was more than Ms. Slaughter's base pay.
17 Q. All right. Has there been another person hired
18 to fill the position that Ms. DelRiesgo vacated?
19 A. Yes.
20 Q. And who is that?
21 A. Scott Nielsen.
22 Q. And when was he hired?
23 A. September, 2005.
24 Q. So, Ms. --
25 A. I'm sorry. Let me think about this for a
